

That Old Black Magic

HOW TO

Start by brushing the entire pumpkin with a coat of white flat acrylic craft paint (\$1.39 for two oz.; createforless.com); let dry for 20 minutes.

1. Print the template. Use a copier to resize the image so it fits your pumpkin.
2. Cut out the stencil as directed on the template and center it on the pumpkin; affix with stencil adhesive (\$6.99; stencilease.com).
3. Paint the beetle within the stencil using three coats of black flat acrylic craft paint (\$1.39 for two oz.; createforless.com). Let the paint dry for 30 minutes and remove the stencil.
