

(Haunted) House Rules

Set the mood for mischief with these spirited crafts.

Download the template. Print, then resize on a photocopier if desired, and cut as directed. Fold a sheet of stiffened felt (\$5.94 for six sheets; createforless.com) in half. Match up the template's straight edge with the fold and outline the half-bat shape onto the felt with chalk. Keeping the material folded, cut just inside the chalk lines. Unfold to reveal a full bat silhouette. Affix to exterior surfaces with duct tape; inside, regular double-sided tape will do.
